These rules denote how many tickets you will sell from a package of tickets. For example, if you have 4 tickets, you would by default sell 4 or 2 tickets, but not 3 or 1, which would leave you with a single. You can change this behavior here.

Purchases

1. New PO

Complete this portion first, contains payment method

Click the "Select Events" button.

* TIP: For adding a season of tickets, multiple events with the same venue can be selected and taken into the PO at once, in this instance, do a broad search

After searching for the desired Event, highlight the event(s) and Select "Add to PO"

Type in portion of search criteria for customer, Select "Add/Search"

Select the correct customer from the results by double clicking on the line, this will move the customer info into the PO

Select "Odd/Even" for venues where seat # skip

When complete select "Save"

"Overs" allows you to split the cost of the tickets... ie. Tickets are bought for a total cost of \$50 (\$40 is due to a credit card and \$10 is due to the person as an "over"). This would break the payments through QuickBooks into a \$40 liability to the credit card and \$10 as an "over".

5. *Customers*

Use to add new customers, search for customer information, modify an existing sale or PO, or to create a new sale.

The screenshot shows a software interface for managing customers. At the top, there are input fields for 'Phone', 'First Name' (containing 'TEST'), 'Last Name', 'Company', 'Cust Type' (a dropdown), 'Address', 'Email', 'City', 'State' (a dropdown), 'Cust ID', 'Notes', and 'CC No.'. A 'Search' button is located to the right of the 'City' and 'State' fields. Below these fields is a table with columns: 'CustID', 'First Name', 'Last Name', 'Company', 'Phone', 'Phone2', and 'City'. The table contains three rows of data. Below the table is a large, empty rectangular area. At the bottom of the interface is a menu bar with buttons: 'Add Customer (F3)', 'History (F6)', 'Inventory Sale (F10)', 'Advance Sale (F10)', 'Print (F4)', and 'Cancel'. Several callout boxes with arrows point to specific parts of the interface: one points to the 'Search' button, another points to the table, a third points to the large empty area, and a fourth points to the 'Add Customer (F3)' button. A fifth callout box points to the 'History (F6)' button.
